

Practice 1 10.09.2018

Maksim Malakhov

The first scenario: one-point crossover

The first chart(blue) without mutation

0110111011111111111111111110011110 – 24

1111111111111011111111111101111 – 28

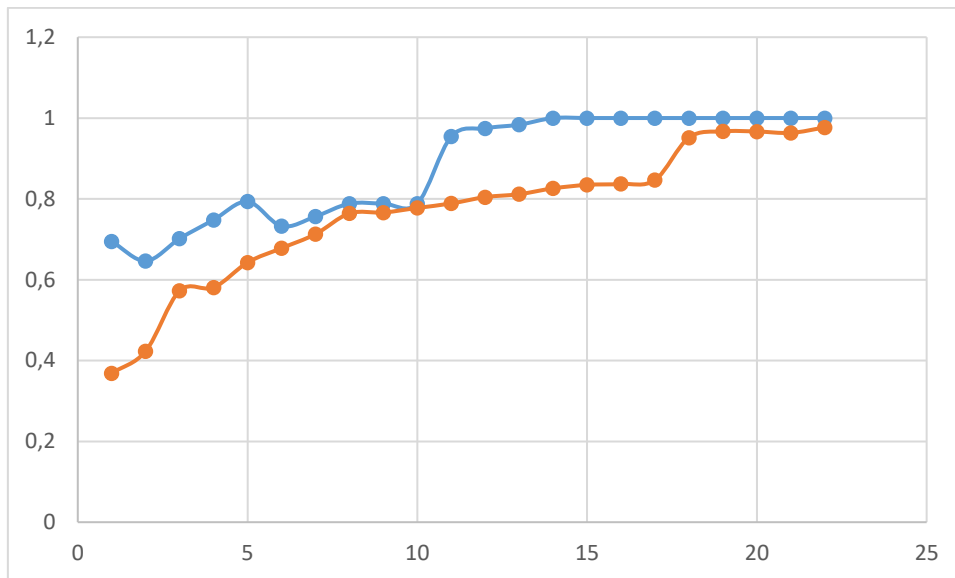

11111111111111111111111111111111 - 30

The second(orange) with the mutation

10111111000111011101111111011001 – 21

11111111111111111111111111111111 - 30

11111111111111111111111111111111 - 30

The second scenario: two-point crossover(maybe more points)

The first chart(blue) without mutation

0111110001110110011111111111100 - 21

01111111111111111111110111111111 – 28

11111111111111111111111111111111 - 30

The second(orange) with the mutation

1011111111110001111101011110111 – 23

01111110111111110111111111111111 – 27

11111111111111111111111111111111 – 30
