The ICONIP2008 Organizing Committee invites proposals for special sessions
Neural Information Processing (ICONIP2008), November 25-28, 2008, Auckland, N

Special sessions provide organizers and participants with an opportunity to focus
related areas. Organizers can choose to concentrate on emerging research top
issues. For ICONIP2008, we are seeking proposals of specialized topics in areas i

- Neural Network Theory and Models
- Neural Network Applications
- Computational Neuroscience and Cognitive Science
- Hybrid Systems and Hardware

Organizers are encouraged to nominate reviewers of papers to the Program Comm
session proposal is approved it will be immediately announced on the website an
special sessions by their own means.

All papers are submitted through the Web and subjected to reviewing by the ICC
the reviewers' reports of the papers submitted to their special sessions, and ma
paper acceptance. On receiving the finalized list of accepted papers from the Pro
liaising with the authors on the submission of final papers. A minimum of 5 papers
papers, accepted papers will be allocated to regular sessions.

Organizers are also responsible for chairing their special sessions in ICONIP2008
the schedule will be decided by the organizers of ICONIP 2008 as they will be
papers will be included in the ICONIP2008 conference proceedings. No extra
sessions.

Proposal Detail

Special session proposals should contain the necessary information for the Spec
Committee to judge the importance, quality and community interest in the propo
more designated organizers.

Special session proposals should address the following issues:

Basic information: Title of the proposed special session, the name, e-mail

Topic of interest: Provide a full description of the proposed special sess
Why should we believe this is an interesting and significant topic?

Organizers' biography: Please indicate the background of the organizer(s

Recommended Reviewers (Optional): Organizers are encouraged to nor
special sessions. The affiliations and contacts of the reviewers should be in

Expected number of papers and publicity: Special sessions for ICONIP
organizers should indicate in their proposal the expected number of papers
to help promoting the special sessions by their own means and should desc

Submission

It is recommended to submit the special session proposals in PDF format
richard@udc.es.

Important Dates

Special session proposals	May 30, 2008
Acceptance of special sessions	June 15, 2008
Paper submission *Extended*	**15th September 2008**
Late paper submission (Late Registration fee applicable)	**October 20, 2008**
Acceptance notification for papers to organizers	October 1, 2008
ICONIP2008 special sessions held	November 25-28, 2008
