BACKGROUND:
TAINN'99 is the eighth in a series of symposia intended to bring together researchers from the fields of artificial intelligence and neural networks. The symposium will be held in the historical city of İstanbul, which has been the capital of two empires, and is the economic and cultural center of modern Turkey.

SCOPE:
AI Architectures, Artificial Life, Automated Modeling, Automated Reasoning, Bayesian Learning and Belief Networks, Control, Causality, Cognitive Modeling, Common Sense Reasoning, Computer-Aided Education, Decision Trees, Design, Diagnosis, Discourse, Discovery, Distributed AI, Expert Systems, Fuzzy Logic, Game Playing, Genetic Algorithms, Geometric or Spatial Reasoning, Hardware Realizations of Neural Networks and Fuzzy Systems, Information Retrieval, Knowledge Acquisition, Knowledge Representation, Logic Programming, Machine Discovery, Machine Learning, Machine Translation, Mathematical Foundations, Multi-agent Systems, Multimedia, Natural Language Processing, Neural Networks, Non-monotonic Reasoning, Pattern Recognition, Perception, Philosophical Foundations, Planning, Problem Solving, Qualitative Reasoning, Real-Time Systems, Reinforcement Learning, Robotics, Scheduling, Search, Simulation, Software Agents, Speech Understanding, Symbolic Computation, Temporal Reasoning, Vision.

PAPER SUBMISSION:
Original papers from all areas listed above are solicited. The symposium languages are Turkish and English. All submitted papers will be refereed on the basis of quality, significance, and clarity by program committee members and other reviewers. All accepted papers will be published in the symposium proceedings which will be available at the meeting. The symposium will consist of technical presentations, invited talk(s) and poster sessions.
Prospective authors are invited to submit full papers **exclusively in electronic media** in the format of postscript files attached to e-mail messages. Papers are limited to 10 pages, including figures and references, in single-spaced one-column format using a font size of 11 points.
See the symposium webpage for style information.
