ANNOUNCEMENT and CALL FOR PAPERS

13th International Multi-Conference **ACS**

ACS is a multidisciplinary meeting encompassing THREE conferences:

ACS'2006 *Advanced Computer Systems*

AIBITS 2006 *Artificial Intelligence, Biometrics and Information Technology Security*

CISIM 2006 *Computer Information Systems and Industrial Management Applications*

**October 18-20, 2006
Międzyzdroje, Poland**

Organized by

*Faculty of Computer Science,
Szczecin University of Technology*

*Faculty of Computer Science,
Bialystok Technical University*

*Computer Science Department,
The University of Finance
and Management in Bialystok.*

In Cooperation with

- *University of Vaasa - Finland*
- *Ehime University of Japan - Japan*
- *Macquarie University - Australia*
- *Belarussian Academy of Science - Belarus*
- *Polish Academy of Sciences IPIPAN - Poland*
- *Ukrainian Academy of Sciences - Ukraine*
- *Warsaw University of Technology - Poland*
- *Technical University of Košice - Slovak Republic*
- *Technical University of Częstochowa - Poland*
- *California State University, Chico College of Engineering – USA*
- *The Engineering School - Grande Ecole-France*

Purpose of Conference

This conference aims to bring two important research streams together in a small town called Międzyzdroje, which is located in the northern-west part of Poland. The aim of this year ACS Multi-Conference is to bring artificial intelligence, biometrics, computer security and industrial management researchers in contact with the ACS community, and to give ACS attendees an opportunity to talk to experts working in these areas. We are interested both in new results in theories of artificial intelligence, biometrics, computer security and industrial management also in more exploratory presentations that examine open questions and raise fundamental concerns about existing theories.

Main topics

- ***Artificial intelligence***
- ***Biometrics***
- ***Information technology security***
- ***Computer Information Systems***
- ***Industrial Management***

The primary focus is on high-quality original unpublished research, case studies, and implementation experiences. Papers should have practical relevance to the construction, evaluation, application, or operation of secure systems. Theoretical papers must make convincing argument for the practical significance of the results

Paper Presentation

Keynotes and Invited Papers,
Regular Papers (8-10 pages),
Oral Presentation and Posters.
(*Posters are equal weight to oral presentations*)

Fees

The conference fee is EUROS 350.

They include conference and post-conference proceedings, hotel accommodation (from October 18 to October 20), get-together dinner and the refreshments during the coffee breaks.

Fees should be paid no later than two weeks after the notification of contribution acceptance. The participants will kindly be informed about the Bank account number and address then.

Publication

All final manuscripts will be reviewed for the hardbound book submission and the best papers will be published in the *Springer-Verlag New York* post-conference book.

Any other information details as committees, preparing the papers, invitation session (plenary papers) and payment see the ACS web site. The AIBITS 2006 and CISIM 2006 are parts of Advanced Computer Systems (ACS 2006) Conference, so all organizational details are common with the main conference.

Instructions to Authors

Accepted camera ready copies should be written according to the attached instructions. Details are given on the websites of ACS: **http://acs.wi.ps.pl**.

Important Dates

April 20, 2006 **Submission of draft full paper**

June 15, 2006 **Confirmation of the paper acceptance/rejection**

July 31, 2006 **Camera-ready paper submission and registration fee**

October 18-20, 2006 **Conference**
